

Career Opportunity

ELECTRICAL/ELECTRONICS SYSTEMS TECHNICIAN II

At the Las Vegas Valley Water District (LVVWD), Southern Nevada Water Authority (SNWA) and Springs Preserve, we pride ourselves in being a leader in the community.

The LVVWD provides water to more than one million people in Southern Nevada and is one of seven member agencies that make up the SNWA, an agency that addresses Southern Nevada's unique water needs on a regional basis.

The Springs Preserve is a 180-acre family attraction, featuring museums, galleries and gardens that convey a message of sustainable living in a fun, hands-on way while celebrating the history of Las Vegas.

GENERAL PURPOSE: Performs a wide variety of skilled, journey-level duties in the design, construction, installation, maintenance, testing, calibration, and repair of electrical systems and electronic control systems used in the production, treatment, storage, transmission and distribution of residential, commercial and industrial water; and performs related duties as assigned.

The preferred candidate will possess industrial electrical experience.

Requires graduation from an accredited vocational trade school; and two years of journey-level experience in the design, installation, maintenance and repair of complex electrical and electronic equipment and devices common to a large water works; or an equivalent combination of training and experience.

Salary: \$29.11 per hour

Hours of Work: Summer 6am – 2:30pm, Fall 7am – 3:30pm, M-F, subject to weekend work and 24-hour call out.

Filing Deadline: 8am, August 29, 2008

Location: Boulder City, NV
