

Technician (Construction Materials Testing)

THE JOB—WHAT IT IS: As a CMT Tech in Terracon's Austin, Texas office you will conduct field and laboratory tests of concrete, soil, asphalt, and aggregates. You will assist other employees by transporting equipment, specimens and documents to field and lab personnel, laboratories, clients and other offices.

THE PERSON—WHAT IT TAKES: You are required to have a high school diploma or equivalent and a valid driver's license. You must be able to read and understand data and properly record collected information. This position involves regularly lifting and/or moving up to 35 pounds, frequently lifting and/or moving up to 50 pounds, and occasionally moving more than 100 pounds. Specific vision abilities required by this job include close vision, distance vision, peripheral vision, depth perception and ability to adjust focus. Some employees may have to pass the 40-hour safety training program.

THE OPPORTUNITY—WHAT IT MEANS: As part of the Terracon team you will benefit from a strong total compensation package. Additionally, you will reap the rewards of individual performance and teamwork. Assisting other technicians and staff on routine tasks will result in a progressively increased role of training and responsibility in work assignments.

Visit www.terracon.jobs to apply online and continue viewing our opportunities. Email resumes to jadean@terracon.com or fax them to 512-442-1181.

We are proud to be an EEO/AA employer M/F/D/V.

In our efforts to maintain a safe and drug-free workplace, Terracon requires that candidates complete a satisfactory background check and pass a drug screen prior to employment.
